This includes average publicised opening hours for each library for each year, there have been variations where a library has changed it's opening hours during the course of the year, however, these minor changes have not been captured. There have also been closures due to refurbishments, emergencies, bad weather and flooding, these have not been accounted for.

CIPFA Definition - Annual Issues

Loans to final borrowers only are to be included. For issues to institutions, playgroups etc., count only the initial Include:

- * Loans of uncatalogued material e.g. if a book is issued before a record is created then a notional issues transaction should be made when the book is subsequently catalogued and the record is made;
- * All renewals made in response to an approach from a reader. For mobile libraries, renewals should only be counted as issues if a reader comes and requests renewal;
- * Inter library loans. Direct loans to own end users only.
